B.E.V.A. Approved Veterinary Centre for A.I

Stud Package 2017 at Newhill Stud

This is a scheme where the mare owner pays in advance to cover 3 breeding cycles.

**Fees include:**

CEM Swab/EVA/EIA Blood Tests

Scans and rescans

Wash out and drugs

Hormone injections (excludes hormone implants i.e Ovuplant)

Caslicks procedure

Pregnancy scans at 14 – 16 days and 24 – 28 days.

The scheme will apply for up to 3 separate breeding cycles. Thereafter subsequent cycles will be charged at £200 incl VAT.

**Veterinary fees not included:**

Routine vaccinations

Non stud routine/emergency veterinary treatment whilst at the Practice or Stud Premises

**Pregnancy diagnosis after 42 days**

Any attention during foaling or treatment needed for a foal at foot

Hormone implants

Carriage fees for the transport of semen

**The fee will be £400 including VAT @ 20% for 3 cycles**

**PAYABLE IN ADVANCE by cash, cheque or most credit/debit cards to the stud manager.**

**No part of the fee is refundable.**
